6. <u>Discussion Items</u>

a) <u>Discussion Regarding the Potential Renewal of the Bird Scooter Memorandum of Understanding for 2023</u>

Manager Sturgell asked the Board for their thoughts on renewing the Bird Scooter program. He stated last year was our pilot year with this program, and all of the other local municipalities have decided to renew their contracts. The Park Commission had a good discussion at their last meeting with a consensus being to renew the program and consider expanding the area the scooters are allowed to travel including more areas on the East Side of the Village and some Village trails. Manager Sturgell thinks it would be difficult to open the route further at this time, due to the safety considerations that need to be reviewed by the Police Department. If the Board would like to renew, we will have a Resolution to approve the Agreement on the next meeting agenda. Director Geiser stated the program went well last year with no resident complaints to her knowledge. She would like to work towards expanding the service area of these scooters in upcoming years. Director Geiser also noted the confusion riders have on the East Side as far as knowing when they're in Menasha or Fox Crossing and where the scooters

can be ridden and also stated Grand Chute has elected to expand their service area to a larger area.

Trustee McNamee expressed his concerns with expanding the service area due to seeing scooters cluttering up the sidewalks in other local municipalities. President Youngquist suggested that we look into collecting revenue from Bird Scooters if we choose to expand the service area in the future. The Board agreed to continue this Agreement with Bird Scooters for another year utilizing the same approved service area.

Lou Blasczyk - 2360 Stroebe Island Drive

Mr. Blasczyk stated he was seeking information on the trains that run through the Village considering the other train accidents that have occurred throughout the country. He asked if the Village is aware of what these trains are hauling as he is concerned for the safety of the residents as well as the length of the trains. President Youngquist advised the trains operate under federal regulations and safety measures are handled by the NTSB (National Transportation Safety Board). Chief Harbison noted the firefighters and first responders have access to an app which provides information as to what each car is carrying for safety reasons and gave Mr. Blasczyk his telephone number for questions.

Mr. Blasczyk also wanted to make the Board aware of boaters coming into the marsh late at night and shining lights into the houses on Stroebe Island. He stated he understands this is a navigable stream, but he feels they are disrupting the natural habitat and are a nuisance to residents. Trustee Englebert stated he has already talked to the DNR on this and was told that as long as they are in the navigable stream they are allowed.

a) Assessor Kyle Kabe – Fox Crossing Valuation Update

Assessor Kyle Kabe stated they will be sending out Notices of Assessment at the end of next week. The preliminary numbers they're seeing show a Village average of approximately 10-11.5% increases for residential properties with the highest increase at 13% and lowest increase at 6.5%. He stated this is still a big increase but when put into perspective from last year, the average residential increase was 15.71%. Commercial properties are showing a 9% increase in the municipalities they've completed so far which is very similar to last year. He reminded the Board that these numbers are based off of 2022 property sales, and although there are less sales out there, the sale prices are still extremely high.

PARK COMMISSION MEETING MINUTES

March 8, 2023

Park Commissioners Present: Jim Beson, Jordyn Kurer, Chris McCoy, Jason Patzwald, Jean Wollerman

Staff Present: Director Amanda Geiser, Village Manager Jeff Sturgell

The Commission meeting was held at the Municipal Complex, 2000 Municipal Dr., Neenah, and was called to order by Commissioner Patzwald at 6:00PM. The Pledge of Allegiance was recited and roll call was taken.

APPROVAL OF MINUTES AND DISCUSSION OF EXPENDITURES

The Park Commission dispenses with the reading of, and adopts, the February 8, 2023, regular meeting minutes. Commissioner Beson motioned to accept the minutes, seconded by Commissioner Otto. Motion carried.

DISCUSSION/PRESENTATION

A. BIRD Scooter Program: Director Geiser indicated that BIRD has requested to sign an agreement again in 2023. After an initial discussion with Village Manager Sturgell, it was decided that it would be best get feedback from the Park Commission once again before bringing this to the Village Board for approval. In Menasha, there is a hope that Fox Crossing will expand the use zone for BIRD, allowing greater regional availability, and less confusing zones on the east side of the village and in Menasha. Director Geiser mentioned there was not a lot of data specifically related to trips in Fox Crossing from the 2022 program because Fox Crossing was merely a passageway connecting the cities of Neenah and Menasha on the Loop the Lake Trail. Data available from BIRD indicates there were over 4,000 unique riders and over 40,000 miles travelled in Neenah and Menasha in the pilot program last year. While use was allowed through Fritse Park and the Loop the Lake Trail, Director Geiser noted that the office did not receive any complaints in 2022. Staff is open to the idea of expanding the use area for another trial year.

Commissioners then shared their feedback.

- Commissioner Beson noted he was originally against the program and sided with Trustee Englebert, but he can now see the program expanding. He noted he was just in Texas and there were scooters all over.
 He has no objections to expanding. He also asked about what revenue options are available and indicated any revenue received should be dedicated to trail maintenance.
- O Commissioner Patzwald is in favor of expanding it to the majority of the trails on another one year trial. He thought doing this would give us better data that would be tracked through BIRD. He also mentioned that we possibly only open it up to trails on the west side of the village, but expand it on the east side to allow users to freely pass through Menasha and Fox Crossing without any boundary restrictions.
- Commissioner McCoy is open to having them in all areas of the village. He questioned if we have any injury data from the other communities.
- Commissioner Kurer thinks it's beneficial to allow the scooters. She suggested it might be a good idea to gather community feedback at some point.
- Commissioner Otto is in favor of expanding the program this year but would like to limit the scooters to
 only be allowed on trails, and kept off the streets.
- Commissioner Wollerman does not have any objections to opening it up to all trails.

- B. Reciprocity Report: Director Geiser reviewed the 2022 reciprocity numbers between Fox Crossing and Menasha. In terms of recreation programs, more Fox Crossing residents participated in Menasha programs and saw a greater cost savings from the agreement. This can mostly be attributed to programs that Fox Crossing is not currently in a position to offer (gymnastics, swim lessons, and full-day summer camps). On the facility rental side, many more Menasha residents rented Fox Crossing facilities than vice versa. Overall, the agreement remains beneficial for both municipalities.
- C. Earth Week Clean-Up: Director Geiser discussed the new Earth Week Clean-Up event scheduled for Wednesday, April 19. Clean-up events will take place at five of our community parks: Schildt, O'Hauser, Fritsch, Palisades, and Wittmann. Director Geiser indicated she'd like the Commission to help lead the clean-ups due to limited staff. The site leader would need to hand out bags, gloves and a thank you treat at the completion of the clean-up. Commissioner Wollerman volunteered to lead Schildt Park. Commissioner Beson volunteered to lead Fritsch Park. Commissioner McCoy volunteered to lead Palisades Park. Commissioner Otto volunteered to lead O'Hauser Park. Director Geiser will lead Wittmann Park.

RE: Agenda Item 3 - CSM- Combining Eastern 60.43' of 1021 Cold Spring Rd. into parcel #121481404

Overview

The applicant is proposing a CSM to combine the eastern 60.43 feet of parcel #121481403 into the adjoining parcel #121481404 into a two lot CSM. This CSM combination is agreed to by all owners and would create a more functional lot sizing and shape for both lots. The parcel to the south is zoned M-1 Mixed Use District, the Future Land Use recommends M-1 Mixed Use for both lots. The applicant is applying for a zoning change to M-1 Mixed Use District for newly combined lot when the CSM is approved.

Staff Recommendation

Staff recommends approval of this CSM with the conditions that the applicant apply for a zoning change as specified in the future land use map before any construction or use of the property occurs beyond its current use. In addition, it is conditional upon taxes being paid and a copy of the recorded CSM being provided to the Community Development Department.
