OLD BUSINESS

Chairman Koepp informed the committee that he has decided to discontinue picking up plastic film recycling at Jacks but will continue the service at Fox Crossing.
Dan Dieck updated the committee on the community gardens. He let the committee know that every plot has been filled at both Wittmann and Schildt Parks.

NEW BUSINESS

Chairman Koepp asked staff member Dan Dieck about the water hydrant issue at Schildt Park. Dan Dieck reported that there are two water hydrants that failed in June and that the committee is being charged by the Village for the replacement of the water hydrants. Dan Dieck reported that the committee has money budgeted for the hydrant repairs. Chairman Koepp communicated that committee member, Laurie Collins, has resigned from her role on the sustainability committee and that there's now an available spot for citizen members who may be interested. Planning intern Lindsey Karczewski introduced herself to the committee and mentioned how she's been working on creating a replacement "Free Produce" sign since the current sign is weathered down and illegible.
